

West London Languages

WHAT OUR CLIENTS SAY

My son looks forward to his Spanish classes every week. In fact he asks why Spanish is only once a week! The teachers are engaging, and the lessons are enjoyable and well planned. They've introduced children to languages in a fun but educational way. I couldn't recommend West London Languages highly enough.

Mrs Thompson

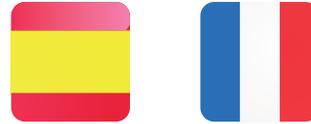

My daughter has been attending language lessons for a number of years now. She finds it very enjoyable and loves her teacher. The team are very professional and supportive to both our daughter and us.

Mr Kinsella

FOR CHILDREN**

FRENCH AND SPANISH CLUBS

West London Languages

Passion for life

We provide students from an early age with the skills of confident and aspiring language learners. The ability to interact and understand people from different cultures provides children with a definite advantage for the future in both a social and professional environment.

Studies suggest that children learning a second language are better at solving complex problems and are more creative. Our informal and relaxed approach provides the perfect nurturing learning environment.

Young children are more receptive to sounds and mimic different pronunciations with no inhibitions. This enables them to achieve a native-like pronunciation.

How we work

We would be delighted to tailor our language clubs to your needs.

Below are the two most popular options:

- a) Paid directly by the nursery: half hour sessions once or twice a week, invoiced termly in advance.
- b) Paid directly by the parents: half hour sessions once or twice a week, invoiced termly in advance.

AWARD-WINNING METHODOLOGY

Together with La Jolie Ronde, established in 1983, our tutors provide over 30 years' of invaluable experience in observing children and the way they learn.

West London Languages provides students, using the award-winning methodology, with a positive approach and passion for language learning and communication skills for life.

Our programme combines story telling, songs and interactive games to boost learning and self esteem. Activity sheets are available.

One language sets you in a corridor for life. Two languages open every door along the way.
